Air tanker
- capabilities and operational limitations 129
- lead plane techniques 126

Airplane
- air tanker capabilities and operational limitations 129
- lead plane in air tanker attack 126

Alaska, fire control planning 66

Attack, initial
- machines versus manpower in South 48
- with water 67

Bacon, Elmer M.
- Fire planning for the Wasatch Front in Utah 62

Bag
- fabric sleeping 97
- paper (disposable) sleeping 100

Battery
- alkaline 18
- duty tests 13
- headlights 13
- water-activated 16

Black Hills helitack program, planning 41

Blaine, Clinton, and Robert Gilmore
- Box for paper used to cover slash piles 29

Bliss, E. S.
- Do smokers really cause all smoker fires? 6

Borate, effect on southern timber 87

Box, carrying, slash pile cover paper 29

Brown, A. A.
- A unified fire danger rating system by 1963 75

Burgtorf, Carl
- Plate glass for old fire towers 21

Burner, automatic, for tractor-plow 112

Chandler, Craig C.
- Developing a measure for various man-caused fire risks 31

Cherokee incident, supression action 8

Communications, dispatcher safety messages 40

Couch, Joseph Jr.
- Machines versus manpower in initial attack 48

Crepe paper, marks controlled lightning fires 77

Crown scorch, loblolly pine mortality in a hotspot 124

Curtis, Ned
- Planning for public detection 51

Detection
- public, planning 51
- public, in Wisconsin 53

Deyak, L. F.
- Hose folding jig 10

Dibble, Dean L.
- Fireclimate survey trailer 116

Dispatcher, safety messages 40

Dispatcher tool, telephone recorder 11

Edgington, Clarence E.
- Planning initial attack with water 67

Egger, Charles P.
- Batteries for headlights 13

Fahnestock, G. R., and R. W. Johansen
- Will borate kill southern timber? 87
